SALES OFFICES IN ALL THE PRINCIPAL CITIES. WE VISIT EVERY TOWN IN THE UNITED STATES.

ADVANTAGES OF OUR SYSTEM

Perpetual

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

All Items of an Account

Are kept together, no matter what length of time the account covers, or how active it may be.

Live Accounts Only

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

Quick Reference

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

Saves Time Posting and Balancing

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

Arrangement of Accounts

Can be had as to locality, by states or salesman's territory, in alphabetical order, as to time of opening, or activity.

No Spacing Necessary

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

Less Liability for Error

Accounts are more surely located, and with one account on each leaf the proper space is readily found.

Expansive

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

Easily Handled

As both sides of the leaf are used for each account, a much smaller sized book can be used.

Facility

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

Convenience

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

Simplicity

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

Adaptability

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

Economy

In every case it costs far less in the long run — less in material, less in time, less in labor.

OVER 23,000 BOOKKEEPERS NOW USING OUR LEDGERS TESTIFY TO THESE POINTS OF SUPERIORITY
